Good Morning Edward,

It was pleasure speaking yesterday. I wanted to update you on some positive news. I was able to arrange LAFH and a RN to assist with project this upcoming Tuesday and Wednesday. As I mentioned I think this can lead to great opportunities for the most vulnerable, our goal is to connect them to medical attention and to explain the resources we are able to offer. I will keep you in loop on the development. I'm confident folks will get the help they need as we continue to built rapport and work as partners.

I have cc'd Alynn Senior Director of LAFH and my manger Pearl Cortez (she oversees the HOPE teams) if you have further questions.

Best,

Please forgive any typos as this was.... Sent from my iPhone
